ENVIRONMENTAL

REPORT

Aylesford Newsprint

An SCA Graphic Paper,
Mondi Europe company

Aylesford Newsprint is building its business.

A £250m investment programme at its Kent site in the UK will come to fruition in June, 1995, to help establish the company as a major European supplier of premium quality newsprint, made entirely from recycled paper. The new plant and associated developments will increase the capacity from 90,000 tonnes per annum to 370,000 tpa in a European market demanding over 8.0 million tpa. The UK consumed 2.2m tonnes in 1994.
